### **Sonoma Shade Sails Wins 2022 International Achievement Award**

(Charlotte, North Carolina – Oct. 12, 2022) – **Sonoma Shade Sails, Forestville, CA**, was recognized with the 2022 International Achievement Award (IAA) for design excellence in specialty fabrics applications.

**Sonoma Shade Sails** received an Outstanding Achievement Award for its **Honor Mansion** project. The project was recognized in the competition's **Shade Sails** category.

For over 75 years, IAA has recognized excellence in design and innovation, highlighting truly spectacular work in the specialty fabrics and technical textiles industry. The International Achievement Awards competition is sponsored by the Advanced Textiles Association, a not-for-profit trade association who's over 1,600 member companies represent the growing international specialty fabrics and technical textiles marketplace.

ATA received a total of 200 entries that were submitted for 44 categories in this year's competition. Winners were selected based on complexity, design, workmanship, uniqueness and function. Judges included industry experts, editors, architects, educators and design professionals who were chosen for their knowledge in a particular field of study or product area.

All entries receive prominent recognition at the IFAI Expo, the largest specialty fabrics tradeshow in the Americas. Winners receive additional publicity through coverage in ATA magazines and press releases distributed to media professionals.
